## SCHOOL NEWS

March was a busy month with so many fun activities. Our Cook-Off was a great success and we surpassed our goal Alhumdullillah and raised \$1200 for supplies and resources for our PreK classroom.

We really enjoyed our field trips this month to the Post Office, Bank and our visitor Dr. Giggles was a real treat.

The PreK Class had a fun month learning about their community. We made a 3D map and went on a treasure hunt to find special places in our community. Math was all about patterns this month. We created patterns out of everything! Our favorite thing to do was go on a nature walk and look for patterns in nature. We also finished the alphabet sounds and will be having an alphabet party to celebrate!

The Little Fishes were busy in March learning about community helpers such as doctors, construction workers and fireman. We also started talking about matching numbers with objects and can count up to the number 8!

The students have been learning their numbers in Arabic. They can count all the way up to 15! Mrs. Entesar is working hard teaching the students an Arabic song for the end of year performance.
